

Inserting a Youtube Video to Blackboard

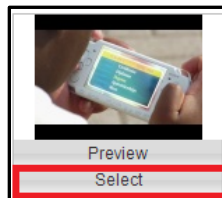

1. Go to the Content Area you wish to insert a video from Youtube.
2. Under Build Content, click on **Youtube Video**

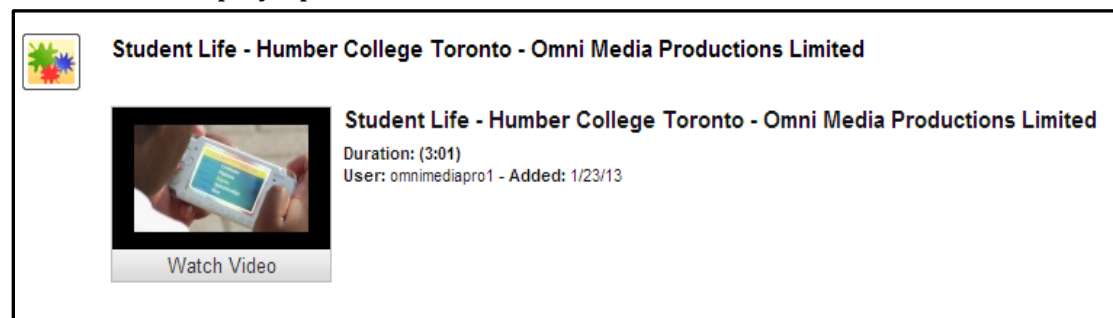

3. Enter the video description in the search bar. Click “Go” to start searching.

4. A list of videos will appear. Select your desired video by clicking on “select”.

5. Finalize the display options and submit when finished.

6. The video is now playable directly in Blackboard.
