

# Hide Courses

Hiding a course does not remove it from the Blackboard Learn System. Hidden courses do not appear on the Blackboard Learn instructor homepage.

1. Log in to blackboard
2. Click the icon in the corner of the “My Courses” module.
3. Using the Select All/Unselect All, unselect the check-box beside the course that you wish to hide
4. Click Submit. The course should not appear on the homepage.

## 1. Edit Course List

Select the attributes to be displayed for each Course. Selecting Select All will display all attributes for the Course. If none of the columns are selected, the Course will not appear in the module.
